

Product Introduction

For the rapid reaction of the closed
p-toluenesulfonic acid

Chemical composition

PTSA

Features benefits

1. Help the paint to form a special grid effect;
2. Help paint fast curing;
3. Metal-resistant scratches.

Recommended use

- 1.Home appliances
- 2.Coil Coatings;
- 3.General industrial paint.

Recommended dosage

The total resin solids are 0.5-2.5%.

Technical data

Active Ingredients:	25%
Color:	≤1
Exterior:	Transparent liquid

Processing guidance

1. Join in the post-production period;
2. In the low-speed mixing can be dispersed.

Storage and transportation

1. Cool and dry and ventilated, below 60 °C,
not close to the fire;
2. The shelf life of the sealed container is
two year.

Package

25kg drums or 180kg large drums.

We provide these data and technical advice with our existing knowledge. However, because of the different application environment, please users according to the test application, we can not guarantee all the circumstances.
